Sun at my window,
I'm taking this ride on my own
To be alone.

Kept me away from it,
Find me a man of the world
I feel enclosed.

And now I finally got to know you,
I don't feel the need to hold you.
Guess I got my life without you,
Think I'll stay on my.. on my..

Something beautiful,
I need a way it's one unhappy life.
Leaving you to her,
But if I'd stay here would it work?
Something beautiful,
And everyday it's one lie after lie.

Sleeping it over,
Half way to feeling it's all
Good and well.

Woke up this morning,
Head full of wise and the wants
Anymore.

In fact my future's set in stone,
If only I could kill the ghost.
But the fear of letting know,
Has brought me here on my.. on my..

Something beautiful,
I need a way it's one unhappy life.
Leaving you to her,
But if I'd stay here would it work?
Something beautiful,
And everyday it's one lie after lie.

(yeah yeah yeah)

Something beautiful,
I need a way it's one unhappy life.
Leaving you to her,
But if I'd stay here would it work?
Something beautiful,
And everyday it's one lie after lie.

Something beautiful,
(yeah yeah yeah)
Leaving you to her,
But if I'd stay here would it work?
Something beautiful,
Either way it's one lie after lie.
