I'm feelin sick inside  
cause I can't believe it's happening  
I thought that he'd be gone by now  
We were on a break and you said you needed space to  
breathe  
I didn't know your ex was in town

I finally figured out

Chorus:

You're heartless  
The devil in disguise  
So heartless  
You make me feel just like  
I'm selfish, foolish, helpless, all alone  
So heartless

When I asked you what happened  
You sat there and lied to me  
Swore you were just hangin out  
So why'd you look so scared baby every time your  
phone would ring?  
And how do you explain the stains I found?

I finally figured out

Chorus #2:

You're heartless  
The devil in disguise  
So heartless  
You make me feel just like  
I'm selfish, foolish, helpless, all alone  
You're heartless  
There's nothing left inside but darkness  
I finally realized

You're selfish, foolish, helpless, so damn cold  
So so heartless  
Yeah yeah yeah

You're heartless  
The devil in disguise

So heartless  
You make me feel just like  
I'm selfish, foolish, helpless, all alone

You're heartless  
The devil in disguise  
So heartless  
You make me feel just like  
I'm selfish, foolish, helpless, all alone  
You're heartless  
There's nothing left inside but darkness  
I finally realized  
You're selfish, foolish, helpless, so damn cold  
So so heartless

Nah nah nah  
Nah nah nah  
Yeah yeah yay  
Nah nah nah naah nah nah nah  
So heartless  
Nah nah nah  
Nah nah nah  
Yeah yeah yay  
Nah nah nah naah nah nah nah  
Heartless  
Nah nah nah  
Nah nah nah  
Yeaaaaahhh  
Nah nah nah naah nah nah nah  
Nah nah nah  
Nah nah nah  
Nah nah nah naah nah nah nah  
Heartless
