It's calming down outside, another lonely night  
You said you were just going out with your friends  
I'm waiting up this time, I hope you didn't lie  
It never used to be like this way back when

I never know where you're at  
Another train off the tracks  
And I don't wanna live like that, no

When you walked in so damn late  
What the hell was I supposed to think  
When you've had too much to drink  
And you're really looking guilty

When you wouldn't even look at me  
There's only one thing it could be  
You were with him all this time  
Here's one last kiss goodbye

No more alibis, no more little lies  
You've broken my trust and it can't be fixed  
I should've seen the signs, should've recognized  
The way your lips looked like they'd been kissed

How'd we end up like that  
Another train off the tracks  
It always hurts looking back now

When you walked in so damn late  
What the hell was I supposed to think  
When you've had too much to drink  
And you're really looking guilty

When you wouldn't even look at me  
There's only one thing it could be  
You were with him all this time  
Here's one last kiss goodbye

Another lesson learned in life  
And I keep asking myself why

How'd we end up like that

Another train off the tracks  
It always hurts looking back now

When you walked in so damn late  
What the hell was I supposed to think  
When you've had too much to drink  
And you're really looking guilty

When you wouldn't even look at me  
There's only one thing it could be  
You were with him all this time  
Here's one last kiss goodbye

When you walked in so damn late  
What the hell was I supposed to think  
When you've had too much to drink  
And you're really looking guilty

When you wouldn't even look at me  
There's only one thing it could be  
You were with him all this time  
Here's one last kiss goodbye
