Woke up with you back in my bed,  
We broke up, how this happened again?  
I always end up letting you in  
When I start drinking, not thinking.

I should have listened to all of my friends,  
Same road and the same dead end,  
I'm loving while she pretends  
So I keep drinking, not thinking

First love is hard enough  
Even worse to give it up,  
I can't forget her when she's gone  
But she can't leave when I'm holding on

So what can I say?  
I made a mistake this time  
You'll never change  
You're nothing but trouble and I should've known better  
It's always the same  
I'll take the blame this time  
I'll never change  
You're nothing but trouble and I should've known better

Every time that I start to forget  
I drive at the spot where we first met,  
You had nothing on underneath that dress,  
We were just drinking, not thinking.

Just two kids, it was way too soon,  
Didn't realize what we had to lose,  
No way to know we wouldn't make it through  
Didn't know we'd end up sinking

First love is hard enough  
Even worse to give it up,  
I can't forget her when she's gone  
But she can't leave when I'm holding on

So what can I say?  
I made a mistake this time

You'll never change,  
You're nothing but trouble and I should've known better  
It's always the same  
I'll take the blame this time  
I'll never change  
You're nothing but trouble and I should've known better

Keep leaving me with nothing,  
Someday I'll learn my lesson  
Right now I'm losing this fight  
Lust ain't the same as trusting  
Can't figure out this loving  
Guess it ain't happenin' tonight

So what can I say?  
I made a mistake this time  
You'll never change,  
You're nothing but trouble and I should've known better  
It's always the same  
I'll take the blame this time  
I'll never change  
You're nothing but trouble and I should've known better
