Talk to me, that's all she said to me,
Now I just can't believe that she won't talk to
me.

Love takes work and work takes time,
Sometimes there ain't enough Saturday nights,
For me to show it, I thought you'd know it.

I saw you every day but I guess I was blind,
Didn't know I had to read your mind,
You were lonely, I didn't know it.

Middle of the night and I'm wide awake,
I close my eyes and I hear you say
Talk to me, why won't you talk to me?
Not saying a word was my biggest mistake,
Or was it just watching while you walked away?
Talk to me, why won't you talk to me?

Talk to me, that's all she said to me,
Now I just can't believe that she won't talk to
me.

Sitting at a stop light, holding my phone,
I leave another message when I know that you're
home
And now I'm lonely and you won't talk to me.

Middle of the night and I'm wide awake,
I close my eyes and I hear you say
Talk to me, why won't you talk to me?
Not saying a word was my biggest mistake,
Or was it just watching while you walked away?
Talk to me, why won't you talk to me?

Talk to me, that's all she said to me,
Now I just can't believe that she won't talk to
me.
