My first make out session, I learned my first lesson
While tryin' to get to the next base
When I slipped past her waist she smacked my hand
away
Then I got a slap in the face

If I could go back in time
Wouldn't change a damn thing in my life
Love the dumb things we do when we're young
But the best is yet to come, yeah

My first drinkin' lesson, I followed all my friends
Stole liquor, went down to the lake
Weed mixed with whiskey, hell I got so dizzy
Was more than my stomach could take

If I could go back in time
Wouldn't change a damn thing in my life
Love the dumb things we do when we're young
But the best is yet to come
Oh, go for it, run toward it, dive in headfirst, live life
with no regret
Put your heart out there, don't be scared
You might get hurt, but it's all worth it in the end
'Cause the best is yet to come, yeah, yeah

My last high school lesson, scared of graduation
Tipped a few back and showed up too late
Well, my mom got mad and my dad just laughed
And said son I'd have done the same thing

Just go for it, run toward it, dive in headfirst, live life
with no regret
Put your heart out there, don't be scared
You might get hurt, but it's all worth it in the end
It'll all work out in the end 'cause the best is yet to come
The best is yet to come, yeah the best is yet to come
