Well, now that it's mornin',
Where do you want to go from here?

Well, now that we're sober,
Are your thoughts of me more clear?

And now that you're head is right.
Did ya dig last night?
It keeps playin' in my mind.

Cause girl I got a thing for you.
I think it's kinda crazy.
Cause I know that you have someone too,
Wonderin' where you were last night.

So now I'm sayin' bye.
Don't think we're through,
I got a thing for you.

Ohhhhh!

Well now that you're home will,
Maybe (Baby?) the first thing that you see.
I know you'll compare us, but how does he measure
next to me?

And now that you're head is right.
Did ya dig last night?
It keeps playin' in my mind.

Cause girl I got a thing for you,
And I think it's kinda crazy!
Cause I know that you have someone too,
Wonderin' where you were last night.

So girl I got a thing for you.
And I know that that was hazy.
But I still remember waking up,
And kissing your neck one more time.
So now I'm sayin' bye.
Don't think we're through,

I got a thing for you.

I remember layin' your head down,

I remember lovin' all your sounds.

I got a thing for you.

And I think it's kinda crazy,

Cause I know that you have someone too,

Wonderin' where you were last night.

So girl I got a thing for you,

And I know the night was hazy,

But I still remember waking up,

and kissing your neck one more time.

So now I'm sayin' bye.

Don't think we're through,

I got a thing for you.
