I'm living Life with no regrets
They're on their way but ain't here yet
I just left Las Vegas in bad bad shape
I only call home if I get the chance
Every other night a new romance
Wake up just in time to miss the day
And I'm talking to the man in the mirror
And I think I hear him say

Whatcha gonna do
When the whiskey ain't working no more
and life don't feel like before
Whatcha gonna do
Whatcha gonna do
When the ride ain't coming no more
Nobody's beatin down your door
Whatcha gonna do

I've been down too low
Down in the streets
But I'm high enough to make believe
That I ain't ever gonna hit the ground
The one that got away from me
Every now and then she calls to see
If I'm alive or plan to settle down
Well I called her drunk last night
and I think I heard her say

Whatcha gonna do
When the whiskey ain't working no more
and life don't feel like before
Whatcha gonna do
Whatcha gonna do
When the ride ain't coming no more
Nobody's beatin down your door
Whatcha gonna do

I can't sleep and I can't hide
Because these voices in my head are getting louder
Getting louder every night
I'm living life with no regrets

They're on their way but ain't here yet

Whatcha gonna do
When the whiskey ain't working no more
and life don't feel like before
Whatcha gonna do
Whatcha gonna do
When the ride ain't coming no more
Nobody's beatin down your door
Whatcha gonna do
