{Freudian psychologist}

You have three minutes in which to tell me a dream

Any dream

Some one you had last night, if you can remember it

OR any dream you can remember

Go ahead, try not to censor, just let it out

Begin please..

{patient}

I got a little uh..

{singers - The Therapists}

Just a beautiful night..

{patient}

It's not like a dream, it's a confession y'know?

I kinda wild out last night y'know?

{Freudian psychologist}
