So you're older than I  
You're not alone  
People are known to fall in love  
Anyway.  
If you're feeling all your years  
We'll count them  
More than one, less than five.  
Have you children to love?  
A friend at home?  
Doesn't he smile the way I do  
Anymore?  
And if you're watching all the  
Hours, we'll count them  
More than one, less than five  
There's a life left to find  
All you've been searching for  
All the answers  
Are in me
