Dark stars may wake you
A wind so cold may shake you
But I will cary you far from here
To a safer place
Where none will pusue you
Never let anyone use you
Your innocence is fine
And the guilty heart will be exposed...
In time
Stand your ground
Wait for the voice
Stand your ground

You can't be chased, until you run away
You can't be chased, until you run away

Strangers alarm you
Even punish and harm you
But I will promise you only love
Save your trust for me
Your fears confuse you
When all loneliness rules you
Your honesty is fine
And the naked truth will be revealed
in time...
Stand your ground
Wait for the voice
Stand your ground

You can't be chased, until you run away
You can't be chased, until you run away

And I believe, I believe every word that you say
I'll hide you only till your heart
Is as light as a feather and then...
They'll believe that your story's worth
more than their lies
I'll hold you only till your heart
Is as light as a feather and then...
I'll let you fly away...

You can't be chased, until you run away
You can't be chased, until you run away
