Hold exact same pictures of lovers.  
Piecing the puzzle together for us.  
Somebody said that there would be trouble.  
Nobody ever said that it could be us.

Talk to me, let me throw my arms around you.  
I could be the dialogue around you.  
Close your eyes and let my voice surround you.  
I can be the dialogue around you.

Open up folded pieces of paper.  
Un-complicating the puzzle for us.  
We always knew that there would be trouble.  
We never thought that it could be us.

Talk to me, let me throw my arms around you.  
I could be the dialogue around you.  
Close your eyes and let my voice surround you.  
I can be the dialogue around you.  
Talk to me, talk to me  
I'll be your audience, I'll be your audience.

Talk to me, talk to me  
I'll be your audience, I'll be your audience.  
Talk to me, talk to me  
I'll be your audience, I'll be your audience.

Talk to me, let me throw my arms around you.  
I could be the dialogue around you.  
Close your eyes and let my voice surround you.  
I can be the dialogue around you.  
Talk to me, talk to me  
I'll be your audience, I'll be your audience.
