# "Destruction And Terror"

Can you feel the power  
Vibrating all around  
Anarchy in the city  
Bad people all around

Shooting screaming people cut down  
Killing bloodshed death all around  
Running hiding this is a war  
Caught in the middle the center the core

Destruction and terror taking the land  
Survivors together looting command

Those who survive will become scavengers  
Killing each other and taking what's theirs

Ooh! People stop this hate  
Learn to love before it's too late

Lying stealing anything to live  
No food or water nothing to give  
Starving to death barely living  
Torture and pain to main it will bring
