Send my face to your funeral  
I'll send my face to your funeral  
I've seen to many things  
I could not stand to see  
I'll send my face to your funeral

Drive around until you get so lost  
Drive around until you get so lost  
How much will this cost

How much have you forgot  
Drive around until you get so lost

The good doesn't get in here no more  
The good doesn't get in here no more  
Do you see the same ghost  
You're not supposed to see  
Good doesn't get in here no more
