Is this what you want, is this what you want?
We both know that it won't be long, and it won't last too long.

Just like those things you've said and done, those things won't make you happy. You will just want more.

So here's your invitation, to start all over again, are you ready to believe? So here's your invitation, I wanted to tell you, it's killing me cause you aren't listening.

Is this what you want? We are waiting here, waiting here for you to come home. Forget those things you've said and done, those things won't make you happy. You will just want more.

So here's your invitation, to start all over again, are you ready to believe? So here's your invitation, I wanted to tell you, it's killing me cause you aren't listening.

Open arms, for open eyes. Arms open wide for open eyes, are you ready to believe?

MY GOD CAN TAKE YOUR PAIN
