Oh no, not again, please tell me, I'm wrong
It's been ten minutes since they played this song
Or is it the band with the one word name?
I get so confused, it all sounds the same

The DJ must think I'm crazy
Or maybe just an idiot
Last week he was spinning country
Now alternative rock's the shit

Just who do they think they're fooling
With this backwards regiment
They shove it so far down your throat
It's swallowed with an English accent

What happened to my radio?
It used to be cool but now it just blows
What happened to my radio?
It's the same old song, the same old, same old

I've been waiting more than an hour
For the request that I just made
"We'll see what we can do about it"
Must mean, they're gonna throw away

They say that they play new music
That it's better than the rest
Switch the channel, it's a carbon copy
Take the cutting edge and slit my wrists

What happened to my radio?
It used to be cool but now it just blows
What happened to my radio?
It's the same old song, with the same old, same old

Happened to my radio?
Used to be cool but now it just blows
What happened to my radio?
Used to be cool but now it just blows

Who has all the luck? Who has all the fans?
They make a million bucks and burn it in your hands

Who has all the luck? Who has all the fans?
They tell you that you're fucked, but you don't
understand

What happened to my radio?
It used to be cool but now it just blows
What happened to my radio?
The same old song, with the same old, same old

What happened to my radio?
It used to be cool but now it just blows
What happened to my radio?
It's the same old song, with the same old, same old
Same old, same old

Oh no, not again, please tell me, I'm wrong
It's been ten minutes since they played this song
Or is it the band with the one word name?
I get so confused, it all sounds the same
