Lucy won't you come out of bed  
I know you miss our love  
It makes you sleepy and sad  
Lucy aren't you scared of mediocrity  
Just like me  
Lucy you know you're driving me mad

Your smile is so much better than the one  
Here in my magazine and I do agree  
We put up with too much apathy

Lucy I need you to be a man  
Be a man lucy I mean it well  
Lucy I need you to be a man  
You can't be a girl right now  
But you can be a girl again

Lucy I wrote you many-a-song  
You are the girl of my dreams  
You are my dream of a girl  
Lucy oh the way you move to new york wave  
Put on your ballet shoes  
And wipe those tears away

You're so much better than all the dolls  
In my magazines and I do agree that we  
Put up with too much apathy

Lucy I need you to be a man  
Be a man lucy I mean it well  
Lucy I need you to be a man  
You can't be a girl right now  
But you can be a girl again

Your smile is so much better than the one  
Here in my magazine and I do agree  
We put up with too much apathy

Won't you turn into a girl again

I need you to be a man  
Be a man lucy I mean it well

Lucy I need you to be a man  
Be a man lucy I mean it well  
Lucy I need you to be a man  
You can't be a girl  
Not right now  
But you can be my girl again
