Maybe the dancefloor isn't the best place
To look for it once more
Smile with a pale face
Hey how lovely to see you again
Eyes all over her face all over again

Is it passing on now

Don't just stand there
You are pretending
The girl, the girl, the girl
I don't know, is it passing on now

Don't sink the body
For surface it will
With a bad sense of timing
It smiles with a pale face
Hey how lovely
You're back on your feet
Don't we all mean to call mean to write
Never really meet

Don't just stand there
You are pretending
The girl, the girl, the girl
I don't know, is it passing on now

There is no answer in this song
Hope you take no offence
Thought you were up for this all along
There ain't no answer in this song
In fact it's making her dance
You think of dancing along
How her eyes say come on
It's Friday night, you have been doing just fine

Don't just stand there
You are pretending
The girl, the girl, the girl
I don't know, is it passing on now

Maybe the dancefloor isn't the best place

Is it passing on now
