No need to rewrite
Not even in spite
Not even a girl that you might really like
The battle was won
It was won by both sides
Not even the smell of the grease of the guns
Hush now baby
You'll get married

We're nice guys
We're damn nice
We hand you free advice

They don't really care
They just like to stare
They just like the look of disdain in your eyes
And once they were great
Still they are fine
Not they make sure that you don't break in line
Hush now baby
Mine is yours is mine

We're nice guys,
Were damn nice,
We hand you free advice

And in your dreams
You perish light
You're really there
And in your dreams
You don't need to pick a fight
It's good advice
So you don't know where you'll end up tonight

We're nice guys,
Were damn nice,
We hand you free advice
My mom says I'm damn nice
