We have been looking for a restaurant
That won't turn us into wallpaper
We have been looking for wallpaper
That won't make us bleak
We have been looking for a place to live
We have been looking for a place together
We have been looking for a place
That won't make it seem
Like you're together any more than me

Oh I wish we were better at this
Oh it's really quite simple you see

But this circus life is breaking us up
And I can't find a place to stop
Find a place to rest
Find a place for us

We have been wanting just to get away
And spend a weekend or a life together
We have been planning
But people are matter too
They move they don't really move
I guess it won't be a cover story
I guess it won't help street credibility
But who needs credibility
Don't you believe
Don't you believe in me

Oh I wish we were better at this
Oh it's really quite simple you see

But this circus life is breaking us up
And I can't find a place to stop
Find a place to rest
Find a place for us

Where do we go
We were alright
All the goodbyes
And you were a star
