

Hit Or Miss "We Gave It All"

The light inside this room gets sucked into the walls
But maybe it's all the best for me
Kept clean it would feel the same but less "me"
obviously
It's taking my energy all the same

{Chorus}

My friend, my confidence we said, "We'll ride this till
the end"
But we can't give what we already gave

All right I'm trying just to breathe but can't find air
tonight
My lungs were screaming but I wasn't listening
Smoke filled my eyes can barely see I see you when we
were new
I don't know what to do.

We lost ourselves in confidence
Three years never taking any hints
It's alright we made it
It's just all how we take it
