We are, we are, we are exactly what you want to be  
Where you've been and what you've done mean  
nothing

You said you wanted out but now you want to go  
You said you had a doubt, but now you think you know  
You are, you are, you are about getting low [x2]

*You're dying for anything brand new,  
Hate feeling cheap but you love being used  
You want out but you dig the abuse, cause it's all you  
know*

*We are, we are, we are exactly what you want to be  
Where you've been and what you've done mean  
nothing*

*Tear the nails from your fingertips  
Smear the blood across your lips  
Cause it's all the rage with all the kids back home  
While we wrap our blood around our wrists  
Decorate the walls with our fists  
Live life like it's hit or miss whoah*

*You're dying for anything brand new,  
Hate feeling cheap but you love being used  
You want out but you dig the abuse,  
Cause it's all you know [x2]*

*We are, we are, we are exactly what you want to be  
Where you've been and what you've done mean  
nothing*

*We are exactly what you want to be  
Where you've been and what you've done mean  
nothing*

*You said you wanted out but now you want to go  
You said you had a doubt, but now you think you know  
You are, you are, you are about getting low*

*You're dying for anything brand new,  
Hate feeling cheap but you love being used  
You want out but you dig the abuse,  
Cause it's all you know*

*We are, we are, we are exactly what you want to be  
Where you've been and what you've done mean  
nothing*

*We are exactly what you want to be  
Where you've been and what you've done mean  
nothing  
Where you've been and what you've done mean  
nothing  
Where you've been and what you've done mean  
nothing  
To me*
