Wake up, and let go  
Of these feelings that I've had for you  
It's easier said than done  
So give up, and let go  
Of these feelings that I've had for you  
Why couldn't you be the one?

Cause it's a guilty pleasure  
Deciding whether you were ever mine or not  
Cause it's just apparent  
That you weren't ever mine to start

What will it take to make you  
Understand that I...  
I'm not lying when I say I need you  
What will it take to make you  
Understand that I...  
I'm not lying when I say I need you

So don't close your eyes

Every night I catch you up  
I never once heard you say stop  
But right now I wish I had  
I wish I had the nerve to tell you that I'm a wreck  
But what really did you expect  
You never listened to what I said to you

Cause it's a guilty pleasure  
Deciding whether you were ever mine or not  
Cause it's just apparent  
That you weren't ever mine to start

What will it take to make you  
Understand that I...  
I'm not lying when I say I need you  
What will it take to make you  
Understand that I...  
I'm not lying when I say I need you

But now this broken soul of a boy

Falls to pieces with no choice  
At the sound of her voice  
He falls apart  
But now this broken soul of a boy  
Falls to pieces with no choice  
At the sound of her voice  
He falls apart, he falls apart, he falls apart

What will it take to make you  
Understand that I...  
I'm not lying when I say I need you  
What will it take to make you  
Understand that I...  
I'm not lying when I say I need you
