I've been carving down the days on my bedroom door
Teeth are all but gone, taking a beating
Don't grab me when I'm sleeping

Busted out the boards on my window sill
Nails tried to keep me here, I'm dying
But nothing can stop me from trying
To crawl my way out this day
Before I decay I will make a clean break

And burn it down, I'll burn this town behind me
Run until I can't breathe
I'm breaking out, I'll bury all my mistakes
And rebuild it till my back breaks

Consider them convinced I'm a lunatic
Eyes are wide and crazed
I feel it happen, oh, they can have it

Sent a stack of bricks through the neighbor's house
Watch them as they spill into the yards
They don't know how lucky they all are
They swiped the vultures aside
I swear they're alive, boy, just look in their eyes

Burn it down, I'll burn this town behind me
And run until I can't breathe
I'm breaking out, I'll bury all my mistakes
And rebuild it till my back breaks down

On my gravestone, for all to see it reads
"I took this city out at the knees at least"
On your gravestone, covered in leaves will read
"Nothing more than, rest in, rest in peace"

Nothing more than, nothing more than
Nothing more than, nothing more than

And burn it down, I'll burn this town behind me
Run until I can't breathe
Baby, I am breaking out, I'll bury all my mistakes
And rebuild it till my back breaks down, down

Rebuild it till my back breaks
Rebuild it till my back breaks, until my back breaks
