Eyes closed  
And starting to whisper, i speak slow  
Dont wanna give you up, ive given up lately  
I wish you joy, success and happiness  
A better life, it shouldnt lose sense of you  
Im setting up to be the better  
When you lost the right to think what you do

Breathe in, breathe out  
Give it up, you'll never live this down  
Last call, lost cause, who's counting  
Last call, lost cause, who's counting now

Breathe in, breathe out  
Give it up, you'll never live this down  
Last call, lost cause, who's counting  
Last call, lost cause, who's counting now

Once numb, you're conscience comes crashing  
Oh keep strong  
Take time to find yourself  
Until then, I'll be waiting on you to come around  
And you will

Breathe in, breathe out  
Give it up, you'll never live this down  
Last call, lost cause, who's counting

Last call, lost cause, who's counting now

Breathe in, breathe out  
Give it up, you'll never live this down  
Last call, lost cause, who's counting  
Last call, lost cause, who's counting

Crashes to crashes, thats what it feels like  
Crashes to crashes, i'll be waiting on you to come  
around  
Crashes to crashes, thats what it feels like  
Crashes to crashes

Breathe in, breathe out

Live it up, you'll never live this down  
This is the last call

Breathe in, breathe out  
Give it up, you'll never live this down  
Last call, lost cause, whos counting  
Last call, lost cause, who's counting now

Breathe in, breathe it out  
Give it up, you'll never live this down  
Last call, lost cause, whos counting  
Last call, lost cause, who's counting now
