She throws on her makeup  
Her friends say she's made up  
She's everything a scene should be  
When she's folding her arms  
She holds her applause  
Just to let you know

She hangs em high everywhere she goes  
She bleeds em dry and everybody knows  
She takes time to talk about all her famous friends  
And what crew they're in so don't get her started

She's out of her mind  
Over half of the time  
Crying in alleys while her friends are inside  
You wouldn't believe  
When she swears she's 18  
But everybody knows

She'll never get what she never got  
Baby lead on...

She hangs em high everywhere she goes  
She bleeds em dry and everybody knows  
She takes time to talk about all her famous friends  
And what crew they're in  
She can party harder that you can  
You don't understand so don't get her...

You'll never have what you never had in you to start  
You'll never get it cause you never know what you want  
You take advantage but you never seem to take it to  
heart  
Lead on, lead on

You'll never have what you never had in you to start  
You'll never get it cause you never know what you want  
You take advantage but you never seem to take it to  
heart  
Lead on, lead on

Oooooohhhhhhhh (everywhere she goes)

Oooooohhhhhh (and everybody knows)  
She takes time to talk about (all her friends)

She hangs em high everywhere she goes  
She bleeds em dry and everybody knows  
She takes time to talk about all her famous friends  
And what crew they're in  
She can party harder that you can  
You don't understand so don't get her...
