

## **Hit The Lights "It's All The Rage"**

Visit "[It's All The Rage](#)" on [MotoLyrics.com](http://MotoLyrics.com)

We are, we are, we are exactly what you want to be  
Where you've been and what you've done mean  
nothing

You said you wanted out, but now you want to go  
You said you had a doubt, but now you think you know  
You are, you are, you are about getting low

You said you wanted out, but now you want to go  
You said you had a doubt, but now you think you know  
You are, you are, you are about getting low

You're dying for anything brand new,  
Hate feeling cheap but you love being used  
You want out but you take the abuse,  
Cause it's all you know

We are, we are, we are exactly what you want to be  
Where you've been and what you've done mean  
nothing

You tear the nails from your fingertips,  
And smear the blood across your lips,  
'cause it's all the rage with all the kids back home  
While we wrap barbed wire around our wrists  
And decorate the walls with our fists  
Live life like its hit or miss whoah

You're dying for anything brand new,  
Hate feeling cheap but you love being used  
You want out but you take the abuse,  
Cause it's all you know

You're dying for anything brand new,  
Hate feeling cheap but you love being used  
You want out but you take the abuse,  
Cause it's all you know

We are, we are, we are exactly what you want to be  
Where you've been and what you've done mean  
nothing

We are exactly what you want to be  
Where you've been and what you've done mean  
nothing

You said you wanted out, but now you want to go  
You said you had a doubt, but now you think you know  
You are, you are, you are about getting low

You're dying for anything brand new,  
Hate feeling cheap but you love being used  
You want out but you take the abuse,  
Cause it's all you know

We are, we are, we are exactly what you want to be  
Where you've been and what you've done mean  
nothing

We are exactly what you want to be  
Where you've been and what you've done mean  
nothing  
Where you've been and what you've done mean  
nothing  
Where you've been and what you've done mean  
nothing  
To me
