Out of friends, at an end for sure
When you've got no side to side with you'll deal with
that
It's a waste, time it takes if you think that I
Ever want a confession or an alibi

Just say what you wanna say
It's not gonna change anything
You've got it wrong
Go ahead and blame who you wanna blame
It's not gonna change anything

So say what you wanna say
Say what you wanna say

Turn it on, crank it up, get what's coming to ya
You let your friends down, let me tell you how
Aftermath, payback 'cause talk is cheap
You'll lose your bite trading teeth in for your enemies

Say what you wanna say
It's not gonna change anything
You've got it wrong
Go ahead and blame who you wanna blame
It's not gonna change anything

Turn it on, crank it up, get what's coming to ya
You let your friends down, you let your friends down

I take it back, take it back
Take back every single word I wrote, word I wrote about
you
I take it back, take it back
Take back every single time I stuck my neck out and let
my guard down
Time I could have spent on anything other than you

Say what you wanna say
It's not gonna change anything
You've got it wrong
Go ahead and blame who you wanna blame
It's not gonna change anything, anything

Say what you wanna say
It's not gonna change anything
You've got it wrong
Go ahead and blame who you wanna blame
It's not gonna change anything

Say what you wanna say
Say what you wanna say
Say what you wanna say
Say what you wanna say
