Come on make this last  
Just 'til morning comes and we'll pick up the pieces  
One by one  
Tomorrows just another day  
And this life's just to far away  
To waste yet another tear on you

And I, I know this can't be wrong it feels so right  
Laying in these arms with me tonight  
(I hope you know)  
I hope you know that these feelings are true  
That I have about you

I'll lie awake  
Wishing on your star  
I hope you think about me and  
Wish on my star too  
I'd like to think that we got something going  
And I'm breaking, I'm bleeding, I'm falling in circles for  
you

Your eyes are filled with tears tonight  
And I'll keep twisting fate all night

I know, and god I hope  
That you feel this way too  
And I, I know this can't be wrong it feels so right

Laying in these arms with me tonight  
(I hope you know)  
I hope you know that these feelings are true  
That I have about you

I'll lie awake  
Wishing on your star  
I hope you think about  
Wish on my star too  
I'd like to think that we got something going  
I'm breaking, I'm bleeding, I'm falling in circles for you

I'll wait for this to end  
But I don't know if these feelings are for real

My heart beats faster every time you're near  
Every time you're near

I'll lie awake  
Wishing on your star  
I hope you think about  
Wish on my star too (Wish on my star too)  
I'd like to think that we have something going  
And I'm breaking, I'm bleeding, I'm falling in circles for  
you
