Visit "[Winding Down](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Everything is winding down  
Man I'm so tired of waiting around  
My whole life I've been waiting around  
Waiting around for something to happen

Everybody wants to go out on the town  
But I just wanna rest, I just wanna rest my head  
Sometimes you don't get what you want  
When you want it

Run away, determined to stay half the night  
To keep her hangovers at bay  
I shouldn't go but I've lost my judgment oh  
I shouldn't go but I've lost my judgment now

This bottle is my winner card  
It helps to clear my thick head  
Protect me from this bitter cold  
Man what the hell were you drinking?

Nobody wants to go out on the town  
Yeah, they just wanna rest, they just wanna rest  
I can't wait to go out on the town but they just wanna  
rest  
You can rest when you're dead

Run away, determined to stay half the night  
To keep her hangovers at bay  
I shouldn't go but I've lost my judgment oh  
I shouldn't go but I've lost my judgment

Run away, determined to stay half the night  
To keep her hangovers at bay  
I shouldn't go but I've lost my judgment oh  
I shouldn't go but I've lost my judgment now

How many days do you live your life?  
How many ways can I end mine?  
How many tries till I get it right  
Will it ever be enough? Will it ever be enough?

Everybody wants to go out on the town

But I just wanna rest, I just wanna rest  
All my life I've been lost and found  
Hanging out with my friend livin' up our dead ends

Everybody's trying to get away from this town  
Yeah, they don't wanna rest, they think it's for the best  
If we get the hell right out of this town  
We will never rest, you can rest when your dead

Run away, determined to stay half the night  
To keep her hangovers at bay  
I shouldn't go but I've lost my judgment oh  
I shouldn't go but I've lost my judgment

Run away, determined to stay half the night  
To keep her hangovers at bay  
I shouldn't go but I've lost my judgment oh  
I shouldn't go but I've lost my judgment now
