Uh, dreaming of you, uuuuuh,  
California.  
Mmh yeah, uh ooh,  
Umh, ah, uh yeah, uh california.

California,  
I'm dreaming of you,  
California,  
What should I do,  
California,  
Waiting for me,  
California,  
You get what you see.

I'll be cruisin' on Long Beach,  
Ih yah ih oh,  
I see caddilacs and cars,  
Ih yah ih oh,  
We are going out to Hollywood,  
I yah ih oh,  
Cool cash and dollars,  
All you need to know.

California summer holiday,  
Everybody's surfing down by L.A.,  
California summer holiday,  
Everybody's surfing down by L.A..

California summer holiday,  
Everybody's surfing down by L.A.,  
California summer holiday,  
Everybody's surfing down by L.A..

California,  
Calling your name,  
California,  
Wanna see you again,  
California,  
Open your door,  
California,  
I'll be back for more.

I'll be cruisin' on Long Beach,  
Ih yah ih oh,  
I see caddilacs and cars,  
Ih yah ih oh,  
We are going out to Hollywood,  
I yah ih oh,  
Cool cash and dollars,  
All you need to know.

California summer holiday,  
Everybody's surfing down by L.A.,  
California summer holiday,  
Everybody's surfing down by L.A..

California summer holiday,
