What can I say to you?

Batter engines pack a swallow piston in you shatter
inches bell

bloody glass eruption it embarrassed of the seven
druids

muscle-bound instructions over patient forest fire

in the month the dogs expire

helicopter pepper cord I'm ram impatient swallow on
patrol

gotta leave her heart plug in her dinner service multiply
my

cat a role is friendship easy fear and pattern lease

suddenly the feeling of you leaves

everybody fourteen-points in session buy a rusty pair
of clint

should in fact potatoes straddles rockery of hairy
mythic

mental dung-heap flurry over shot lasagna breeds

in a hollow shoe the mincemeat seeds for you

everything breathes for you

get a heart exact tomato flourish on a spike of greedy
prawns

if a base were dug moussaka Al unwraps the biscuit in
you

drummer moral bombs excepted every turning bends

away

running off a cross the troubled hey do you what can I
say to you

what can I say to you what can I say to you
