Myles Hunter)

Night after night with my eyes shut tight

There's nothin' that I don't see

And I can be anyone I wanna be

Inside these dreams

And if I lie real still then tonight I will be

Anywhere that I wanna be

And there's always somebody holding me

Inside these dreams

And no, the lonely never cry

We just close our eyes

CHORUS

Night after night in the dreams of the lonely

Night after night all alone in these dreams

We can dance in the fire

Dance in the rain

In love inside our fantasies

Night after night after night

In the dreams of the lonely

Time after time

Like the perfect crime

No one could ever know

Lovers come, lovers go

Inside these dreams

And behind closed eyes no one ever cries

There's no foolish pride, there's no painful goodbyes

And hearts don't ever break inside these dreams

CHORUS
