I travel all around this great big world I see all there is
to see
To sail the oceans blue might appeal to you but it didn't
do a thing to me
But now I'm back home back where I belong and listen
what I gat to say
Believe to me I'm a happy to be anywhere U.S.A.

Anywhere USA that's exactly where I want to be
From New York City to Los Angeles well buddy that's a
place for me
Walkin' along park avenue or a little bitty country lane
This is where I'll stay and I'll never stray from anywhere
U.S.A.

--- Instrumental ---

I've been in all the great countries of the world but
none of them can compare
To the beauty of the USA from California back to
Delaware
I'm gonna take up roots right here in God's great
ground and I'll never ever go away
I'll call it home and I'll never roam from anywhere
U.S.A.

Anywhere USA that's exactly where I want to be
From New York City to Los Angeles well buddy that's a
place for me
Walkin' along park avenue or a little bitty country lane
This is where I'll stay and I'll never stray from anywhere
U.S.A.
