Well, I had me a date with a woman  
On the other side of this town  
But there came a rainstorm and it rained so hard  
And it washed the bridge right down.

Bad luck and bad weather  
Seems to follow me  
Bad luck and bad weather  
Is all I ever see.

Then I got me a job in the city  
Gonna make me a lot of pay  
But there came a snowstorm the night before  
And don't you know I got fired on my very first day.

Bad luck and bad weather  
Seems to follow me  
Bad luck and bad weather  
Is all I ever see.

I was buildin' me a house in Nashville  
I finished it on Saturday  
Come Sunday morning a big tornado  
Just blew my new house away.

Bad luck and bad weather  
Seem to follow me  
Bad luck and bad weather  
Is all I ever see.

Then I went down away to the desert  
I dug a well more a hundred foot deep  
Built up the windmill but the wind wouldn't blow enough  
The water washed my dirty feet.

Bad luck and bad weather  
Seem to follow me  
Bad luck and bad weather  
Is all I ever see.

Bad luck and bad weather  
Seem to follow me

Bad luck and bad weather  
Is all I ever see...
