Down at the corner bar you'll find me
Sittin' there beneath the neon stars
And like as not I'll have some ol' bluesy in my arms
Down at the corner bar.

Well you might say this night life has got the best of me
There must be something I keep be searching for
Well this night I say I'll go straight home but something
inside of me
Takes me to the corner bar.

Down at the corner bar you'll find me
Sittin' there beneath the neon stars
And like as not I'll have some ol' bluesy in my arms
Down at the corner bar.

--- Instrumental ---

My baby said she's sick and tired of sittin' home alone
Someday I know I'm gonna go too far
Yeah I know some night when I come in I'm gonna find
her sittin' there
Yeah she'll beat me to the corner bar.

Down at the corner bar I'll find her
Sittin' there beneath the neon stars
And like as not I'll find her in the arms of some ol'
drunk
Down at the corner bar.

Yeah, down at the corner bar...
