There's a girl in the house on the street called Sugar
Pie Lane
And I've traveled that street in the heat and the sleet
and the rain
There's a mighty good reason that I make it in mean
hurricane
'Cause I love that girl in the house on the Sugar Pie
Lane.

There's a hug and a kiss that's always a waitin' there
for me
And I'm a big fool but that little Jool any fool can see
I'd sure like to be with her and I'm makin' it plain
That I loved that girl in the house on the Sugar Pie Lane.

--- Instrumental ---

There's a finger on a hand of the girl on the Sugar Pie
Lane
And I've been a thinkin' maybe it needs a little rain
Yes one of these days I'm hopin' I'll change her name
Of the girl in the house on the street on the Sugar Pie
Lane.

There's a hug and a kiss that's always a waitin' there
for me
And I'm a big fool but that little Jool any fool can see
I'd sure like to be with her and I'm makin' it plain
That I loved that girl in the house on the Sugar Pie Lane.

Yeah, I'm crazy 'bout a girl in the house on the Sugar
Pie Lane...
