Happy times are here again  
Ain't felt like this since I don't know when  
Baby's comin' in on the 12-0-10  
Happy times are here again.

Well, now I'm like a bird in the morning sun  
I'm like a bee in the honey comb  
I'm like a child on Christmas morn  
Happy times are here again.

No more sleepless nights, so long  
No more walking the floor till dawn  
Hugs and kisses from now on, hey  
Happy times are here again.

Happy times are here again  
Ain't felt like this since I don't know when  
Baby's comin' in on the 12-0-10  
Happy times are here again.

Oh baby, happy times are here again...
