"If I Had You"

Visit "[If I Had You](#)" on MotoLyrics.com

(Don Rich - Earl Ball)

Vocal: Doyle Holly

I could make a sad man happy I could make the roses
glow

I could even take a summer rain and turn it into snow

I could stop the moon from shining or change the
ocean tide

If I had you if I had you by my side.

I could make a poor man wealthy make the river flow
up stream

I could even turn a nightmare into a sweetest dream

I could change this blue and lonely man and fill his
heart with pride

If I had you if I had you by my side.

I could change this smallest candle to a flame that burn
so bright

I could make the last be first in line and all the wrong
be right

I could scale the highest mountain or swim the oceans
wide

If I had you if I had you by my side.

If I had you if I had you by my side...
