It must be that time again the snow is falling  
In the air there's happiness that you can't see  
From the little country church the bells are ringing  
Oh, it's Christmas time for everyone but me

Chorus:

Oh, it's Christmas time for everyone but me  
The lights are shining brightly on the tree  
It's the season of the cheer  
How I wish that you would here  
Oh, it's Christmas time for everyone but me

--- Instrumental ---

Oh, everything is nothing, dear without you  
And it's hard to live with just a memory  
For, I need your love to give each day a meaning  
Oh, it's Christmas time for everyone but me

Chorus:

Oh, it's Christmas time for everyone but me  
The lights are shining brightly on the tree  
It's the season of the cheer  
How, I wish that you would here  
Oh, it's Christmas time for everyone but me...
