--- Act Naturally ---
(Johnny Russell - Voni Morrison)

They're gonna put me in the movies
They're gonna make a big star out of me
Well, we'll make a scene about a man that's sad and
lonely
And all I gotta do is act naturally.

Well, I'll bet you I'm a gonna be a big star
I might win an Oscar you can never tell
Movies are gonna make me a big star
'Cause I can play the part so well.

Well, I hope you'll come to see me in the movie
Then I know that you're gonna plainly see
Hey, the biggest fool that's ever hit the big time
And all I gotta do is act naturally.

--- Together Again ---
(Buck Owens)

Together again, my tears have stopped falling
The long, long lonely nights long lonely nights are now
at an end
The key to my heart you hold in your hand
And nothing else matters now we're together again.

Together again, the grey skies're gone
You're back in my arms now where you belong
The love that I knew is living again
And nothing else matters now we're together again.

Oh, nothing else matters now we're together again, oh
yeah...
