Merry Christmas from our house to your house
Merry Christmas from our kids to yours
May happiness be round your Christmas tree
May your disappointments be few.
Merry Christmas from our house to your house
May peace and good will follow you.
And may you be blessed with health and happiness
Merry Christmas from our house to yours

May all of your loved ones be near you
And may all of your spirits be bright
May all of your dreams be what this Christmas brings
Merry Christmas from our house to yours.

--- Instrumental ---

May all of your loved ones be near you
And may all of your spirits be bright
May all of your dreams be what this Christmas brings
Merry Christmas from our house to yours.

Merry Christmas from our house to yours...
