Everytime I see you I want to take you in the arms
Hold you close and whisper I love you, nobody but you
And everytime I'm near you you make me think a lot
But I shouldn't think about what I'd do if I's alone with
you.

Well, I'd squeeze your little neck until you came right
into my wishes
And I would tell the whole world that we're gonna be Mr.
and Mrs.
Promise I would never leave you or deceive you
And never do anything to grieve you
'Cause I love you true, no one else will do.

(Do-wacka do-wacka do-wacka do-wacka
Do-wacka do-wacka do-wacka do-wacka.)

Well, I'd squeeze your little neck until you came right
into my wishes
And I would tell the whole world that we're gonna be Mr.
and Mrs.
Tryin' to tell you that you're so fine you're so sweet
Won't you say you'll be mine and make my life
complete.

Please do 'cause no one else will do
I'd get my rock collection and trade the stamps too
Just to no one have the chance with you
Just you nobody but you...
