Sing me a song about heartache  
Sing me a song sad and blue  
Make me remember old mem'ries  
Make it remind me of you.

Put in plenty of teardrops  
Make my emotions overflow  
Sing me a song about a love affair gone wrong  
Make me cry, sing that kind of song.

Leave out all of the happiness  
Put in all of the loneliness  
And sing me a song bout a love affair gone wrong  
Make me cry, sing that kind of song.

--- Instrumental ---

Leave out all of the happiness  
Put in all of the loneliness  
And sing me a song bout a love affair gone wrong  
Make me cry, sing that kind of song...
