This old heart has been around it's been up and it's  
been down  
It's been walked on all over town but it still looks for  
love to come around

It's got memories of the past of love affairs that didn't  
last

It's been stood up by every girl in town but it still looks  
for love to come around

[ steel ]

Are you the next one to come along to give it hope and  
then do it wrong

Or will it be true love that last and wipe out all the tears  
from the past

Well this old heart...

Oh yes it still looks for love to come around
