Back in the country a few years ago  
There was sure a lot about the girls I don't know  
I wondered how to steal a kiss but I was so shy  
I wondered a million times every time I'd try.

What am I gonna do now?  
Well, I don't know how  
Girls started asking  
Whatcha gonna do now?

Well, I was a gettin' sweet on the neighbor's daughter  
Lou  
She was cute and sassy and kinda bold too  
She told me she'd show me what it's all about  
She was gonna teach me how to knock 'em out.

Well, holding hands and making eyes I learned in  
lesson one  
Lou was my teacher and school sure was fun  
How to put my arms around came in lesson two  
She said now you're ready to learn somethin' new.

Whatcha gonna do now?  
You gotta show me how  
Oh, don't keep me waiting  
Whatcha gonna do now?

--- Instrumental ---

I took her to the cake walk at the country school  
She was hangin' on to me and she wouldn't turn me  
loose  
Girls started making eyes, I guess it made Lou sore  
She took me to the moonlight said I gotta teach you  
more.

Kisses by the dozens, hugs to beat the band  
I yelled and I pleaded huh, just one little man  
Lou was sure excited and me, I tell you more  
And then I saw a gleam that I ain't never saw before.

Whatcha gonna do now

Oh, how you do know how  
Whatcha gonna do now...
