You bring out the best in me  
You make my life complete  
You make me want to dress my best  
A little better than all the rest.

You always seem to make me smile  
You make true love seem worth while  
You're the one I want to please  
You bring out the best in me.

I used to be a lonely man  
Without even one single plan  
I didn't really care before  
Who walk in or out my door.

Darling, then you came along  
Then all my loneliness was gone  
Now my life's more than just a dream  
You bring out the best in me.

--- Instrumental

I used to be a lonely man  
Without even one single plan  
I didn't really care before  
Who walk in or out my door.

Darling, then you came along  
Then all my loneliness was gone  
Now my life's more than just a dream  
You bring out the best in me...
