[Jim Bachi, Dirk Kennedy]

One heart, one soul, one mind, two of a kind, partners
in crime

We work together like lock and key

We've got each other, that's all we ever need

Don't need no system, we got no guarantees

No flash, no cash, no TV trash

What we got we got for free

I know, you know, that we were meant to be

And I know, you know, so come and get it

One heart, one soul, one mind, two of a kind, partners
in crime

Whoever said that love was blind, two of a kind,
partners in crime

People are talking, don't care what they say

We got a good thing, let's get it underway

My reputation, got nothing' on me now, cause you and
me were meant to be, we're gonna' see it through
somehow

I know, you know, that we were meant to be

And I know, you know, so come and get it

One heart, one soul, one mind, two of a kind, partners
in crime

Whoever said that love was blind, two of a kind,
partners in crime

Stop!...

Every time I find a new relation, I get so scared and try
to run, to be free again

Lord knows you want to be free

Oooh, you're giving me a cool sensation, wanna' be the
blood that makes your heart beat in time with mine

You and me we're partners in crime

Now I said let's go.

Partners in crime

One heart, one soul, one mind, two of a kind, partners
in crime

Whoever said that love was blind, two of a kind,
partners in...

Crime!
