If you live a lonely, lonely life
You get to be aware
And if you've been constantly asking why
You get to be aware
Cause you got nothing to say
God knows you got nothing to say
I'm on the phone for much too long
Our happiness today
If you gotta know consuming me
You got to be aware
and if you got heart or lung disease
You got to be aware
Cause you got bills to pay,
God knows you got bills to pay,
Pick up the phone the telephone,
Got happiness today
You wanna live a laughter?
You gotta be aware
I got 1000 answers, one's gotta be right
Give me 1000 chances and I'll get it right
And it does it up with all the lies
You get to be aware
God gave you all the reason why
I'm on the phone, but not too long...
Our happiness today
You wanna live a laughter
You gotta be aware
I got 1000 answers, one's gotta be right
Give me 1000 chances and I'll get it right
Give me 1000 chances and I'll get it right
Give me 1000 chances and I'll get it right
