roam the streets in a uniform
find a bull and you grab the horns
scream your head off about the day you was born
go right ahead
go right ahead
go right ahead
go right ahead
go go go go right ahead
here's a secret but keep it tight
it's california late at night
we're gonna drink, fuck, and fight all night
go right ahead
go right ahead
go right ahead
go right ahead go
is it bad or wrong? you never know eh
so just come along, i'm gonna show it
our god is the zilla, our king is the kong
the room's about to crumble as i burst into song
go right ahead
go right ahead
go right aheeeeeaad
you gotta go ?????? you're born until you're dead
go right ahead
go right ahead
go right ahead
go go go go right ahead
like a tiger breaking out of the zoo
do anything that you want to do
the rumors you heard, they weren't all true
go right ahead
go right ahead
go right ahead
go right ahead go
is it bad or wrong? you never know eh
so just come along, i'm gonna show it
our god is the zilla, our king is the kong
the room's about to crumble as i burst into song
go right a
go right ahead (for the rest of the song)
on the streets in a uniform
find a bull and you grab the horns

scream your head off about the day you was born
